## Time to start thinking — Summer Camps!!!

Our Summer Camp Program is a short term child care program that will provide quality care in a safe and nurturing environment. This program consists of 5 weeks of individual "camps". Each camp has a theme and will be filled with a variety of activities and projects developed around the weekly theme.

Our summer camps have full use of our indoor and outdoor facilities. These camps give young children the opportunity to enjoy various group activities during that time in the summer when school is not in session. Activities include: water and sand play, art, science, music and book reading

## Registration begins

Monday, April 12, 2010

- Registration is on a first come first serve basis.
